

**SUMMARY of the Decision of the Inquiries, Complaints and Reports Committee
(the Committee)**
(Information is available about the complaints process [here](#) and about the Committee [here](#))

**Dr. Mahmud Kara (CPSO #59474)
(the Respondent)**

INTRODUCTION

The Complainant attended the Respondent's office in April 2021 for a pre-operative consultation for breast augmentation. The surgery was scheduled for October 2021. The Complainant paid the full cost for the procedure in advance.

The Respondent took a leave of absence from his practice in July 2021 and subsequently closed his plastic surgery clinics. He did not carry out the Complainant's surgery.

The Complainant contacted the College of Physicians and Surgeons of Ontario (the College) to express concerns about the Respondent's care and conduct.

COMPLAINANT'S CONCERNS

The Complainant is concerned that the Respondent scheduled her for a breast augmentation procedure on October 6, 2021, then cancelled her pre-operative appointment on September 12, 2021, by text message and with no explanation. The Complainant paid for the procedure in full, and the Respondent's practice locations are no longer open.

COMMITTEE'S DECISION

The Committee considered this matter at its meeting of August 8, 2023. The Committee required the Respondent to appear before a Panel of the Committee to be cautioned with respect to his failure to abide by the obligations and responsibilities regarding temporary absences or closing of a medical practice to ensure continuity of patient care, including communicating with patients and his failure to follow College policy, *Closing a Medical Practice*. The Committee also decided to accept an undertaking that is now posted on the public register.

COMMITTEE'S ANALYSIS

As part of this investigation, the Committee retained an independent Assessor who specializes in plastic surgery. The Assessor expressed the view that it appeared that the Respondent made little or no attempt to help the Complainant receive medical care from another surgeon after he closed his practice or to provide her with a timely refund

so she could seek out another surgeon. In this way, the abrupt closure of the Respondent's practice and his out-of-hospital facility did not meet the standard of care.

The Committee concurred with this view and decided to caution the Respondent in regard to this aspect of his care and to accept the undertaking.
